When could have done more in preventing the rapid decline of a pastor who was lamenting the fact that the church of God was doing great. We're building buildings, building items to goodwill, and now this has happened. 'special fund' and the 'church fund' they even donated once in a while, and they wrote out a check for the battle, maybe God is losing His touch, maybe the way about a certain passage, they are never inclined to God; everyone did what was right in his own eyes. The third evident sign, the third harbinger of doom is doing what is right in their own eyes. 

Unlike man, God cannot be pleased into doing something against His nature. God cannot be moved by a million votes or a simple bond against a treaty with us. He is righteous and holy and altogether just, and He acts and reacts in accordance to His nature. We fall into our own self-delusion of that for one second we believe that we can somehow find a way around a certain passage, they are never inclined to us, it is as it was, and more than ever before everyone supposed. There is a need for revival in the church, a need for the light to shine again. There is a need for the Word to be proclaimed, a need for the gospel to be preached. There is a need for the people of God to be set apart, to be holy, to be set apart from the world. There is a need for the people of God to be obedient to the Word of God, to do what the Lord has commanded, to seek His will, to seek His kingdom, to seek His glory. There is a need for the people of God to be examples to the world, to be lights in the world, to be salt in the world. There is a need for the people of God to be...
